

## *Companion To Philosophy Of Religion*

### **Companion To Philosophy Of Religion**

Philosophy of religion is "the philosophical examination of the central themes and concepts involved in religious traditions." These sorts of philosophical discussion are ancient, and can be found in the earliest known manuscripts concerning philosophy. The field is related to many other branches of philosophy, including metaphysics, epistemology, and ethics.

Soul, in religion and philosophy, the immaterial aspect or essence of a human being, that which confers individuality and humanity, often considered to be synonymous with the mind or the self. In theology, the soul is further defined as that part of the individual which partakes of divinity and often is considered to survive the death of the body.

Philosophy is the systematic study of the foundations of human knowledge with an emphasis on the conditions of its validity and finding answers to ultimate questions. While every other science aims at investigating a specific area of knowledge, such as physics or psychology, philosophy has been defined as "thinking about thinking." At the same time, as expressed by its Greek etymology ...
