John Stuart Mill, a friend of Carlyle's, found himself caught up in other projects and unable to meet the terms of a contract he had signed with his publisher for a history of the French Revolution. Mill proposed that Carlyle produce the work instead; Mill even sent his friend a library of books and other materials concerning the Revolution, and by 1834 Carlyle was working furiously on the project.

The French Revolution: A History - Wikipedia

The last thirty years have given us a new version of the history of the French Revolution, the most diverse and hostile schools having contributed to it. The philosopher, Taine, drew attention to the affinity between the revolutionary and what he calls the classic spirit, that is, the spirit of abstraction which gave rise to Cartesianism and produced certain masterpieces of French literature.

The French Revolution (1789-1799) was a period of ideological, political and social upheaval in the political history of France and Europe as a whole, during which the French polity, previously an absolute monarchy with feudal privileges for the aristocracy and Catholic clergy, underwent radical change to forms based on Enlightenment principles of republicanism, citizenship, and rights.

French Revolution - New World Encyclopedia

The outbreak of the French Revolution in the summer of 1789 stirred the imagination of nearly all Europeans. The French revolutionaries - that is, those men and women who made conscious choices - sensed in their hearts and minds that they were witnessing the birth of a new age.

Lecture 11: The Origins of the French Revolution

It's often said that the French Revolution (1789-1799) created the "blueprint" for all revolutions to come. Unlike any event before it, the Revolution drew its strength from ideology -- an ideology that turned on the belief that France had created a radical break with its monarchical past, and would now radically re-organize itself along egalitarian and democratic lines.
