The representativeness heuristic is used when making judgments about the probability of an event under uncertainty. It is one of a group of heuristics (simple rules governing judgment or decision-making) proposed by psychologists Amos Tversky and Daniel Kahneman in the early 1970s. Heuristics are described as "judgmental shortcuts that generally get us where we need to go – and quickly ...

Failed end of the world predictions 30 CE to 1920. About 30 CE: The Christian Scriptures (New Testament), when interpreted literally, appear to record many predictions by Yeshua of Nazareth (Jesus Christ) that God's Kingdom would arrive within a very short period, or was actually in the process of arriving. For example, Jesus is recorded as saying in Matthew 16:28: "...there shall be some ...

Failed end of the world predictions from 30 to 1920 CE
In futures studies, human extinction is the hypothetical end of the human species. This may result from natural causes or it may be the result of human action.The likelihood of human extinction in the future by wholly natural scenarios, such as a meteorite impact or large-scale volcanism, is generally considered to be extremely low.. For anthropogenic extinction, many possible scenarios have ...

1. Introduction. Both terrestrial and aquatic environments experience pollution from a wide range of chemical contaminants. The presence of these contaminants is a cause for concern as they may elicit adverse effects to environmental and public health.

Prediction of bioconcentration factors in fish and invertebrates using machine learning - ScienceDirect
This article directly addresses the scientific evidences in favor of macroevolutionary theory and common descent. It is specifically intended for those who are scientifically minded but, for one reason or another, have come to believe that macroevolutionary theory explains little, makes few or no testable predictions, or cannot be falsified.

29+ Evidences for Macroevolution: Part 1 - TalkOrigins Archive
Says that in the strict sense, prophecy is the revelation of future events, but points out that in Scripture, prophecy may also be related to the gift of knowledge and sometimes is used to refer to divine inspiration concerning any secret
