A hostile work environment is a situation in which an employer or coworker's repeated actions make it impossible for an employee to perform his or her job duties. Though the term is specifically connected to federal laws in the US, similar terms are used for this type of situation in other regions, like "workplace violence and harassment" in the European Union, "workplace harassment" in ...

...is much more logical. I also find the C# method of having to prefix arguments with the word out confusing, particularly as you have to do it both in the called and calling routine.. 9 - Strictness. C# is a much fussier language than Visual Basic (even if you turn Option Strict on in Visual Basic, this is still true). "And a good thing, too!", I hear you cry.
