Employment is a relationship between two parties, usually based on a contract where work is paid for, where one party, which may be a corporation, for profit, not-for-profit organization, co-operative or other entity is the employer and the other is the employee. Employees work in return for payment, which may be in the form of an hourly wage, by piecework or an annual salary, depending on the ...

Closer to home, artificial intelligence and machine learning are expected to lower employment in the "Education and Training" job family. WEF sees similar decreases in employment in "Legal and Business and Financial Operations." it's worth noting that the WEF analysis doesn't see these drivers becoming advanced enough within the next five years to having a huge negative effect on ...

The Fourth Industrial Revolution: What Happens With ...

Recent discussions about the employment impact of disruptive change have often been polarized between those who foresee limitless opportunities in newly emerging job categories and prospects that improve workers' productivity and liberate them from routine work, and those that foresee

massive labour substitution and displacement of jobs.

The Future of Jobs - Reports - World Economic Forum

The 2014 Global Risks Report highlighted the risk that the global financial crisis would create a “lost generation”. We pointed to youth unemployment as a corrosive legacy, with the capacity to hinder young people’s integration into traditional patterns of economic life, such as earning, saving and building careers.

Youth Unemployment - The Global Risks Report 2018

Forever Young: 6 Ways to Prepare Your Business for an Aging Workforce. Is your business ready for a grayer workforce? It’s estimated that by 2020, one-quarter of America’s workforce will be 55 years old and over, according to a Stanford research study.. And it’s not necessarily a money issue.

Our labor and employment attorneys offer litigation defense services for administrative and court proceedings at the federal and state level, advice on pre-litigation strategies to reduce legal risks, policy analysis and drafting, compliance audits, management training and labor negotiation.

Labor and Employment | Baker Donelson

The informal sector of the economy, informal economy, or grey economy is the part of an economy that is neither taxed nor monitored by any form of government. Unlike the formal economy, activities of the informal economy are not included in a country's gross national product (GNP) or gross domestic product (GDP). The informal sector can be described as a grey market in labour.
