8 Great Lower-Body Exercises for People With Knee Pain

As we age, it is not uncommon to experience a reduction in joint flexibility. The joint's natural lubrication (the synovial fluid) decreases, the cartilage wears out, muscle mass reduces, and more often than not, the joints start becoming stiff and achy. Forgive the slightly harsh tone, but it's just the natural process of aging - you can't stop aging, and you can't run away from it!
