Recent Examples on the Web. The near-unanimity of support for the agreement (and the flood of NDCs) left holdouts and renegades — of which international climate negotiations has always had its share — few places to hide.— David Roberts, Vox, "The "Trump effect" threatens the future of the Paris climate agreement," 3 Dec. 2018 Decades after the Korean War — arguably the last ...

Unanimity | Definition of Unanimity by Merriam-Webster

Définition de consensus Etymologie: du latin consensus, accord, adhésion, unanimité. Un consensus est un accord tacite ou explicite entre plusieurs personnes, ou entre plusieurs textes, sur un sujet déterminé. C'est un processus de recherche du consentement le plus large, sans recourir à un vote formel préalable, au moyen de discussions, en dépassant les blocages et les clivages entre ...

Définition : Consensus - toupie.org

Étymologie. Consensus est un mot latin qui signifie « accord », au sens de « sentiment commun ». Il a été lexicalisé dans la langue française au XIX e siècle sous le sens de « large accord » [1].Le mot latin dissensus, bien qu'il ne soit pas lexicalisé en français (il n'apparaît pas dans les dictionnaires) est parfois utilisé pour désigner soit l'échec d'une recherche de ...

Embedded liberalism is a term for the global economic system and the associated international political orientation as they existed from the end of World War II to the 1970s. The system was set up to support a combination of free trade with the freedom for states to enhance their provision of welfare and to regulate their economies to reduce unemployment.

Following the global financial crisis of 2007–08, there was a worldwide resurgence of interest in Keynesian economics among prominent economists and policy makers. This included discussions and implementation of economic policies in accordance with the recommendations made by John Maynard Keynes in response to the Great Depression of the 1930s—most especially fiscal stimulus and ...

No two wicked problems are alike because of the unique social and political context in which they are embedded. A wicked problem may not have a precedent, and experience may not help you to address it. Wicked problems are unique in their occurrence, context, causes, resolutions and consequences.

On Wicked Problems and their Solution Strategies

Communicating the expert consensus is very important in terms of increasing public awareness of human-caused climate change and support for climate solutions. Thus it's perhaps not surprising that Cook et al. (2013) and its 97% consensus result have been the subject of extensive denial among the usual climate contrarian suspects. After all, the fossil fuel industry, right-wing think tanks, and ...
