Pedobear is an Internet meme that became popular through the imageboard 4chan. As the name suggests ("pedo" being short for "pedophile"), it is portrayed as a pedophilic cartoon bear. It is a concept used to mock pedophiles or people who have any sexual interest in children or "jailbait." The bear image has been likened to bait used to lure children or as a mascot for pedophiles.

Computers have often been used as fictional objects in literature, movies and in other forms of media. Fictional computers tend to be considerably more sophisticated than anything yet devised in the real world. This is a list of computers that have appeared in notable works of fiction. The work may be about the computer, or the computer may be an important element of the story.
