What Is My Small Business Worth? 3 Easy Steps

A small business is a privately owned company in the legal form of a corporation, partnership, or sole proprietorship. The SBA defines a small business as one that typically makes a maximum of \$750,000 - \$38.5 million in annual revenue and has less than 100 - 1,500 employees, depending on industry.

What Is A Small Business?

What is the value of my business? Similar to bond or real estate valuations, the value of a business can be expressed as the present value of expected future earnings. Use this calculator to determine the value of your business today based on discounted future cash flows with consideration to "excess compensation" paid to owners, level of risk, and possible adjustments for small size or lack of marketability.

Business Valuation Calculator | Calculators by CalcXML

The better solution for most small business owners, and buyers, is to hire a professional to determine the value of your business. Not only does it give you a value you can be confident about, but these professionals can typically get you more accurate data based off the number of deals they've done and the M&A groups they belong to.
