War Before Civilization: the Myth of the Peaceful Savage (Oxford University Press, 1996) is a book by Lawrence H. Keeley, a professor of archaeology at the University of Illinois at Chicago who specializes in prehistoric Europe. The book deals with warfare conducted throughout human history by societies with little technology. In the book, Keeley aims to stop the apparent trend in seeing ...

The Clash of Civilizations is a hypothesis that people's cultural and religious identities will be the primary source of conflict in the post-Cold War world. The American political scientist Samuel P. Huntington argued that future wars would be fought not between countries, but between cultures. It was proposed in a 1992 lecture at the American Enterprise Institute, which was then developed in ...

Finding the Truth behind the American Hologram. ML: Many mainstream scientists feel that to "work within" the system, they have to use language that politicians and economists can understand in order to maintain credibility, i.e. the "value of ecosystem services". Attempting to place a monetary value on every aspect of nature while externalizing the environmental cost of pollution is a ...
